

## L'Université de Montréal et de votre carrière.

Université de Montréal has more than 10,000 employees and is one of Canada's Top 100 Employers.

UdeM has Canada's 2<sup>nd</sup> largest student body and ranks among the top five Canadian universities in research, receiving more than half a billion dollars in research funding every year.

Through the achievements of the members of its community, UdeM participates in building today's and tomorrow's world.

### Assistant Professor in Anatomic Veterinary Pathology

Département de pathologie et microbiologie, Faculté de médecine vétérinaire

The *Faculté de médecine vétérinaire* (FMV) of the *Université de Montréal* is currently seeking qualified candidates for an Assistant Professor position in Anatomic Veterinary Pathology. The FMV is located in [Saint-Hyacinthe](#), the agricultural capital of Quebec with 57 000 inhabitants. The FMV is located 60 km (37 miles) from [Montreal](#), a vibrant city with an international airport and excellent flight connections to Europe and the USA. The FMV is also within easy reach of the beautiful, historic [Quebec](#) City and [Ottawa](#), the capital of Canada. The FMV is located off campus but maintains strong collaborative ties to other faculties at the *Université de Montréal* and other universities within the province. A structured mentorship program is available for newly hired professors.

The Université de Montréal is among the top research universities in Canada. The department currently has 29 regular professors and 16 associate professors working in the following disciplines: microbiology, epidemiology, immunology, food hygiene, pathology and veterinary diagnostics. Several professors are associated with multidisciplinary research groups. Undergraduate and graduate (residency, MSc, PhD and postdoctoral) training programs are offered. The professor will also work within the CDVUM (Veterinary Diagnostic Center of the University of Montreal), where they will have access to a necropsy room, histology and immunopathology laboratories, and associated services (bacteriology, molecular diagnosis, etc.), all in recent and well-equipped installations.

The CDVUM plays a unique role in veterinary diagnostics in Quebec. It enjoys a privileged environment where teaching, research and service to the community are closely linked. In addition, CDVUM is fully accredited by the American Association of Veterinary Laboratory Diagnosticians (AAVLD). The successful candidate will have the opportunity to collaborate in a multidisciplinary framework with other dynamic researchers and research groups. To learn all about FMV and experience the excitement of its faculty life, [visit our website](#).

#### **As a professor, you will have the opportunity to contribute to the excellence of the *Faculté de médecine vétérinaire*:**

Through your teaching and your research activities, enhancing the reputation of your discipline and playing an active role in the overall operations of a renowned institution. As such, you will:

- » Teach students enrolled in the Doctor of Veterinary Medicine (DVM) program;
- » Participate in the teaching and training of graduate students including students enrolled in the residency program (DÉS) in anatomical pathology leading to certification by the American College of Veterinary Pathologists (ACVP);
- » Develop research in a relevant area; interdisciplinary collaboration in research projects is also encouraged;
- » Participate in diagnostic activities in animal pathology within the CDVUM;
- » Participate in outreach activities for the discipline (publications, conferences and others);
- » Contribute to the functioning of the institution.

## To succeed in this role, you must have the following qualifications:

- » D.V.M. degree or equivalent;
- » Diplomate of the ACVP or the European College of Veterinary Pathologists (ECVP); candidates eligible for certification exams from these colleges will also be considered, but priority will be given to diplomates;
- » M.Sc. in the field of pathology or a related field or equivalent research experience;
- » Ph.D. in the field of pathology or a related field is considered an asset;
- » Hold or obtain a license to practice veterinary medicine from the [Ordre des Médecins Vétérinaires du Québec](#) (OMVQ);
- » Have an adequate knowledge of the French written and spoken language **or** a strong commitment to mastering the proficiency level required, in accordance with [Université de Montréal's Language Policy](#). An institutional learning support program is offered to all professors wishing to learn French or improve their communication skills.

## How to submit your application

All candidates are asked to submit a letter of intent detailing their research interests and career objectives, as well as their curriculum vitae, a copy of their diplomas, and the full name and contact information (phone numbers, email, postal address) of 3 referees. Applications should be sent to:

**Dr. Christian Bédard, DVM, M. Sc., Dipl. ACVP (clinical pathology)**

Chair, Département de pathologie et microbiologie  
Faculté de médecine vétérinaire, Université de Montréal  
3200, rue Sicotte, St-Hyacinthe (QC) J2S 2M2  
Phone: 450-773-8521, poste 8519  
Email : [christian.bedard@umontreal.ca](mailto:christian.bedard@umontreal.ca)
