

RESIDENCY PROGRAM
Veterinary Clinical Sciences (259013)
2023-2026

MAY 1st, 2022: DEADLINE TO RECEIVE FULL APPLICATION

POSITION: ANIMAL BEHAVIOUR

NUMBER OF POSITIONS AVAILABLE: 1

DESCRIPTION:

This residency is a 3-year (36 months), full time, post-graduate program of 108 credits obtained mostly from clinical training. A specialized study diploma (D.E.S.) is awarded upon completion of the program. The clinical training is designed to provide a broad educational experience in all aspects of clinical animal behaviour in all species presented to our hospital (dogs, cats, exotic pets, equine, farm animals, zoo and wild animals). The program has been developed to fulfill the board certification requirements of the American College of Veterinary Behaviorists. The resident will see a variety of clinical cases and participate in the didactic teaching currently offered at the veterinary school. The resident is required to complete a clinical research project and participate in the daily supervision of undergraduate students in animal behaviour. He (she) may also be asked to supervise the teaching laboratories of junior students. Residents are eligible for 3 weeks of holidays which will be determined by the consultation committee and the section supervisor. Any professional activities performed outside the residency program must be declared to the veterinary teaching hospital administrator. A master's program may be offered after satisfactory completion of the first year.
